April 16, 2021

Dear students, families, and community members:

School officials have been assessing the situation of COVID-19 in our region and its impact on our school for much of this week. We have had constant communication with our school nurse, consulted Dr. Edward Dunstan our school physician, and at this time we have no knowledge of any new cases of COVID-19 that would have a direct impact our school system.

With that being said, we have made the decision to allow Schenck High School extra and co-curricular performing arts and sports activities to resume as normal beginning on Monday, April 19th.

As of this time school will be open once again to in-person learning for all of Opal Myrick and Schenck students on Monday, April, 26th.

I hope this message finds you well and I thank you for your support as we try to navigate safely during these challenging times.

Respectfully,

Justin Page

Justin Page
